

Eat out worry-free, even on holiday – MyMediCard makes it possible.

Enjoy dining out – on holiday, at a restaurant, anywhere. **MyMediCard** shows staff, via a QR code, which conditions and allergies you have – automatically **in their own language**. No guessing, no language barrier.

How it works

1

Create your card

Register for free and add your conditions, allergies and optionally medications.

2

Show your card

On your phone or as a printed credit-card-sized card – simply show it.

3

Understood instantly

Staff scan the QR code and read everything in their own language.

Why MyMediCard?

- ✓ **currently 21 languages** – from German & English to Chinese, Arabic, Japanese, Thai and more.
- ✓ **Encrypted & GDPR-compliant** – servers in the EU.
- ✓ **Printable card** in credit-card format – laminate it.
- ✓ **Personal notes** per condition, translated on request.
- ✓ **Optional PIN protection** against misuse.

**Get started for free
and eat out with confidence.**
